INTRASTATE INTEREXCHANGE TELECOMMUNICATIONS SERVICE

2. DEFINITIONS

Access Line

A transmission path that connects a customer premises to a Central Office.

Authorization Code

A numeric code which identifies the customer to be billed for calls charged.

Call

A telephone message attempted by a customer or user.

Called Station

The station (e.g., telephone number) called, or the terminating point of a call.

Calling Card

A credit/charge card for use in billing MTS calls.

Calling Station

The station from which a call is originated.

Collect Call

A billing arrangement which bills the charge for a MTS call to the called stations's telephone number.

INTRASTATE INTEREXCHANGE TELECOMMUNICATIONS SERVICE

2. DEFINITIONS (Cont'd)

Customer

The person, company, firm, corporation, or other entity which orders or uses service and is responsible for the payment of charges and compliance with tariff regulations.

Customer-Provided Communications System

Dedicated private line channels and equipment (e.g., microwave or cable system) furnished by the customer for communications between premises.

Customer Dialed Calling Card Station

That service where the charges for the call are billed to an authorized Calling Card.

Customer Equipment

Terminal equipment, a multiline terminating system or protective circuitry located at a customer's premises.

Customer-Provided Test Equipment

Test equipment which is located at a customer or user's premises and is used for the detection and/or isolation of a communications service fault.

INTRASTATE INTEREXCHANGE TELECOMMUNICATIONS SERVICE

2. DEFINITIONS (Cont'd)

Dial Station

That service where the person originating the call dials the telephone number desired, completes the call without the assistance of an operator and the call is billed to the originating number.

Direct Electrical Connection

A physical connection (i.e., not through a switch) of the electrical conductors in a communications path.

Exchange

A unit established by the Local Exchange Company for the administration of communications service in a specified area which usually embraces a city, town, or village and its environs. It consists of one or more central offices together with the associated plant used in furnishing communications service within that area.

Feature Group D

The switched access service provided by a local exchange company as trunk side switching through the use of end office or access tandem switch equipment. Where no access code is required, the number dialed by the customer shall be a seven or ten digit number for calls in the North American Numbering Plan (NANP). The form of the numbers dialed by the customer is 0 or 1 + NPA + NXX-XXXX. Feature Group D is also known as equal access.

Local Exchange Area

The general area in which a local exchange company provides exchange telephone service and within which a customer may make telephone calls without incurring toll charges.

2. DEFINITIONS (Cont'd)

Local Exchange Service Access Line

A common line that connects a customer premises to a WCTA switched service via the Local Exchange Company public switched network.

Message

A completed call by a customer or user.

Operator Station

Service, other than Customer Dialed Calling Card Station service and Person-to-Person service, which requires the assistance of an operator to complete the call.

Other Common Carrier

A company other than WCTA providing INTRASTATE telecommunications services between local exchange areas.

Person-to-Person

Service for which the person originating the call specifies to the operator a particular person, mobile station, department, extension, or office to be reached.

Public/Semi-Public Telephone

Coin operated or coinless telephones which are generally available for public use in the United States, Puerto Rico and the U.S. Virgin Islands. These telephones can be owned by local telephone companies, interexchange carriers and/or private customers. Calls from coinless telephones must use an alternate billing method such as calling card, commercial credit card, third number or collect.

Rate Center

A specified geographical location used for determining mileage measurements.

2. DEFINITIONS (Cont'd)

Rate Center Area

The area which encompasses the territories identified by the central office codes that are assigned to a rate center.

Service Authorization Form

The form used by applicants to request service from WCTA. The form is merely a request for service and does not itself bind WCTA to provide service.

Station

Any location from which MTS calls can be placed and/or received.

Switching Equipment

Equipment which performs the function of establishing and releasing connections on a per call basis between stations, telecommunications services, or communications systems.

Telecommunications Network

The MTS network provided by the company.

Terminal Equipment

Devices, apparatus and their associated wiring, such as teleprinters, telephone handsets or data sets.

Third Number Billing

An optional billing procedure that permits the charges for an MTS call to be billed to a number that is different from the calling number or the called number.

United States

The 50 United States and the District of Columbia.

3. GENERAL REGULATIONS

3.1 Undertaking of WCTA

Interexchange Telecommunications Services are furnished in accordance with the conditions and regulations which are set forth in the body of this tariff.

3.2 Limitations

Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff.

3.3 Use of Service

The services provided under this tariff shall not be used for any unlawful purpose.

3.4 Payment and Billing

The following payment and billing regulations are applicable.

a. Service is provided and billed on a monthly (30 day) basis, beginning on the date that service becomes effective. Interexchange Telecommunications Service becomes effective the day following written or verbal notice of its availability to the customer. Bills are due and payable when rendered. Interest at the rate of seven and a half percent (7.5%) per annum compounded annually, or the highest rate allowed by law will accrue upon any unpaid amount commencing thirty (30) days after the mailing of the bill.

b. The name(s) of the customer(s) must be set forth in the application for service.

3. GENERAL REGULATIONS (Cont'd)

3.4 Payment and Billing (Cont'd)

- c. The customer is responsible for payment of all bills for interexchange telecommunications service. This includes payment for calls or services 1) originated at the customer's number(s), 2) accepted at the customer's number(s) (e.g., Collect Calls), 3) billed to the customer's number via third number billing if the customer is found to be responsible for such call or service, the use of a calling card, or the use of a WCTA-assigned special billing number, and 4) incurred at the specific request of the customer.
- d. An advance payment may be required before service is provided only when a customer has a history of late payments to WCTA or when a customer's financial responsibility is not a matter of record. The advance payment will be the non-recurring charge(s), if any; one month's recurring service charge; and one month's estimated usage charges for MTS. The advance payment will be credited on the customer's initial bill. A deposit may apply in addition to an advance payment (see Deposit information in Sections 3.4 (e), (f) and (g) following).
- e. WCTA reserves the right to examine the credit record of all applicants and customers. A customer whose service has been discontinued for non-payment of bills will be required to pay any unpaid balance due to WCTA before service is restored. In addition, WCTA may require a security deposit for the discontinued customer wishing to reestablish service equal to two (2) times the amount of the customer's highest monthly bill. If the customer's estimated traffic has increased since the account was cancelled, WCTA may require a security deposit equal to two (2) times the newly estimated minutes.

3. GENERAL REGULATIONS (Cont'd)
3.4 Payment and Billing (Cont'd)

- f. Applicants or customers whose financial condition is not acceptable to WCTA may be required to make a security deposit. The amount of the deposit shall be calculated by estimating two months of usage. The customer shall be apprised that after one year of service that account will again be reviewed, and in the event all amounts due have been paid within the terms of the service authorization, the deposit will be refunded in full, plus interest at the rate set forth in Section 3.4(a) preceding, calculated from the date that the customer makes the deposit.
- g. A deposit does not relieve the customer of the responsibility for the prompt payment of bills on presentation. An advance payment may be required in addition to a deposit (see Section 3.4 (e) preceding).
- h. Carrier Universal Service Charge
 - i. Reserved for future use.

3. GENERAL REGULATIONS (Cont'd)

3.4 Payment and Billing (Cont'd)

- i. In the case of a billing dispute between the customer and WCTA for service furnished to the customer which cannot be settled to mutual satisfaction, the customer can take the following action:
 - i. The customer may request, and WCTA will comply with the request, an in-depth review of the disputed amount. The undisputed portion and subsequent bills must be paid on a timely basis or the service may be disconnected.
 - ii. If notice of a dispute as to charges is not received in writing by WCTA within thirty (30) days after a bill has been mailed, the billing will be considered correct and binding. Provision of such notice does not affect the customer's obligations under Sections 3.4(a) and 3.4(b) preceding to make all payments within thirty (30) days after the bill has been mailed.
 - iii. If a billing dispute is resolved in favor of the customer, and the customer pays the total billed amount and disputes all or part of the amount, WCTA will refund to the customer the disputed amount plus interest at the rate set forth in Section 3.4(a) preceding. If the customer withholds all or part of the billed amount and the dispute is resolved in favor of WCTA, the customer shall pay to WCTA the amount withheld pending settlement of the dispute plus interest at the rate set forth in Section 3.4(a) preceding.

3.8 Liability

- a. WCTA is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- b. WCTA's liability for willful misconduct, if established as a result of judicial or administrative proceedings, is not limited by this tariff. With respect to any other claim or suit, by a customer or by any others, for damages associated with the ordering (including the reservation of any specific number for use with a service), installation (including delays thereof), provision, termination, maintenance, repair, interruption, or restoration of any service or facilities offered under this tariff, WCTA's liability, if any, shall not exceed an amount equal to the proportionate monthly recurring charges for the period during which the service was affected.

WCTA shall be indemnified and held harmless by the customer against:

- (1) Claims for libel, slander, infringement of copyright or unauthorized use of any trademark, trade name or service mark arising out of the material, data, information, or other content transmitted over WCTA's facilities; and
- (2) Claims for patent infringement arising from combining or connecting WCTA's facilities with apparatus and systems of the customer; and

- d. The liability of WCTA for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service or other facilities, and not caused by the negligence of the customer, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs. No other liability shall in any case attach to WCTA.

- e. Now, or at any future time, if a state, county, or other local taxing authority possesses or acquires the legal right to impose an occupation tax, license tax, sales tax, gross receipts tax, permit fee, franchise fee, or other similar charge upon WCTA, and has imposed, or imposes the same by ordinance or otherwise, such taxes, fees, or charges shall be billed to the customers receiving service within the territorial limits of such taxing authority. Such billing shall allocate the tax, fee or charge among customers uniformly on the basis of each customer's monthly charges for the types of service made subject to such tax, fee or charge.

3. GENERAL REGULATIONS (Cont'd)

3.9 Interconnection

- a. Service furnished by WCTA may be interconnected with services or facilities of other common carriers and with private systems, subject to the technical limitations established by WCTA. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of WCTA and other common carriers shall be provided at the customer's expense.
- b. Interconnection with the facilities or services of other common carriers shall be under the applicable terms and conditions of the other common carriers' tariffs. The customer is responsible for taking all necessary legal steps for interconnecting its customer-provided equipment or communications systems with such other common carrier's facilities. The customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.

4. MESSAGE TELECOMMUNICATIONS SERVICE (Cont'd)

4.3 Terms and Conditions

4.3.1 Scope

- a. Message Telecommunications Service (MTS) consists of the furnishing of INTRASTATE telecommunication transmissions between exchanges. MTS consists primarily of the transmission of voice communications, but may also involve data, facsimile, signaling, metering or other similar communications, subject to the transmission capabilities of the service. MTS is available twenty-four hours a day, seven days per week, subject to availability of facilities.
- b. WCTA does not undertake to transmit messages but furnishes the use of its facilities to customers for communications. WCTA selects and/or arranges for the channels and/or service components used to provide MTS. Any suitable technology or combination of technologies may be used. WCTA may modify or change the channels and service components used to furnish MTS at any time. Customer equipment may be used with MTS.
- c. Subject to compliance with regulatory authority, the duration of MTS calls may be limited when facility shortages are caused by emergency conditions.

4.3.2 Use

a. Use of the Service

The service is provided for use by the customer and may also be used by others, when so authorized by the customer, providing that all such use shall be subject to the provisions of this tariff.

b. Abuse and Fraudulent Use

The service is furnished subject to the conditions that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of the service includes:

- (1) The use of service or facilities of WCTA to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the charge applicable for services.
- (2) The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain, MTS by rearranging, tampering with, or making connection with any facilities of WCTA or by any trick, scheme, false representation or false credit device or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular charge for such service.

4.4 Dialing Procedure

When a customer presubscribes to Message Telecommunications Service provided by WCTA in local exchange areas where central office facilities provide Feature Group D (FGD) equal access and WCTA subscribes to equal access and WCTA has been selected as the customer's primary interLATA and intraLATA toll carrier, calls are originated by dialing 1 + area code + long distance telephone number.

4.5 Application of Rates and Charges

4.5.1 Class of Calls

Various classes of MTS are offered. Charges apply according to the class of call the calling station selects.

- a. Dial Station-to-Station - Applies when the calling person dials the desired telephone number without the assistance of an operator and the call is billed to the calling number. This includes calls forwarded by call forwarding equipment.
- b. Customer Dialed Calling Card - Rates apply when calls are originated and billed as specified below.

Customer Dialed/Automated - The customer dials the appropriate operator code (e.g., 0, 101 + 6105 + 0) plus the telephone number desired and completes the call without the assistance of an operator (except in the case for calls made from a rotary telephone) and the call is billed to a calling card.

4.5.3 Timing of Messages

a. Chargeable time is determined as follows.

(1) The date, day and time (standard or daylight savings) at the rate center of the calling party when the connection is established determines the initial period charge.

(2) The charge for the initial period is the initial period billing rate applicable for the rate period in which the message connect time occurs. The charges for each additional period of usage is the additional billing rate for the rate period in which the beginning of each additional period of usage occurs.

b. On Dial Station-to-Station calls and Customer Dialed Calling Card Station-to-Station calls, the timing of a call begins when the calling and called stations are connected.

c. Chargeable time ends when the connection is terminated.

- c. The charge calculated for the initial minute plus additional minutes will determine the total usage charge for the call. The total usage charge for the call is rounded up to the nearest whole cent.
- d. A surcharge will apply to the call based upon the degree of operator services required to complete the call. These surcharges are set forth in 5.5.2 following.

5.4.2 Timing of Messages

- a. Chargeable time is determined as follows.
 - (1) The date, day and time (standard or daylight savings) at the rate center of the calling party when the connection is established determines the initial period charge.
 - (2) The charge for the initial period is the initial period billing rate applicable for the rate period in which the message connect time occurs. The charges for each additional period of usage is the additional billing rate for the rate period in which the beginning of each additional period of usage occurs.

8. OPERATOR SERVICES

8.1 Nature of Service

Operator Services is a telephone service which allows customers to originate calls by placing calls to an operator who completes the call, or by using a valid credit card number.

8.2 Dialing Procedure

Operator Services may be accessed by any customer who dials one of the following sequences.

0 Accesses the Intralata operator

0 + (NPA) + NXX-XXXX

00 + (NPA) + NXX-XXXX

0 + (NPA) + NXX-XXXX + credit card number

00 + (NPA) + NXX-XXXX + credit card number

00

8.3 Application of Rates and Charges

8.3.1 Class of Service

Three classes of Operator Services are offered:

(A) Operator Station-to-Station.

Operator Station-to-Station calls allow for completion of operator assisted service to the desired telephone number when the calling party does not specify a particular person to be reached, nor a particular station, department or office to be reached through a communications system attendant.

An exception to this service category is outlined in 8.3.1(B) below.

8.3 Application of Rates and Charges (Cont'd)

8.3.1 Class of Service (Cont'd)

(B) Credit Card Station-to-Station.

Credit Card Station-to-Station calls allow for completion of non-operator assisted calls when one of the following dialing sequences is utilized:

0 + NPA + NXX-XXXX + Credit Card Number

00 + NPA + NXX-XXXX + Credit Card Number

Calling party inserts a credit card into a card reader (where equipment is available) dials the digit zero, or double zero, plus NPA-NXX-XXXX.

In addition, a call is considered as Credit Card Station-to-Station when the calling party dials:

0 + NPA + NXX-XXXX or

00 + NPA + XXX-XXXX, and the credit card number is given to the operator if WCTA does not have automatic recording equipment to record the credit card number, and the call is not classified as Person-to-Person as described in 8.3.1(C) below.

8. OPERATOR SERVICES (Cont'd)

8.3 Application of Rates and Charges (Cont'd)

8.3.1 Class of Service (Cont'd)

(C) Person-to-Person Service.

Person-to-Person Service allows the person originating the call to specify to an operator a particular person to be reached, or a particular station, department, or office to be reached through a communications system attendant. When, after the telephone communications system has been connected and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other person, station, department, or office to be reached through a communications system attendant, the classification of the call remains Person-to-Person.

When the person originating the call wishes the operator to make arrangements in advance with a particular party or station for the establishment of a connection at a specific time (appointment call), the call is classified as Person-to-Person.

8. OPERATOR SERVICES (Cont'd)

8.3 Application of Rates and Charges (Cont'd)

8.3.2 Reversal of Charges

Charges for Person-to-Person and Operator Station-to-Station calls may be billed against or collected from the called station (i.e., charges may be reversed), if the charges are accepted at the called station. This collect call may be billed to a calling card or third party number. In the case of a public or semipublic coin telephone, the charges must be billed to a credit card or third party number, or the call may be re-originated from the called station. The regularly established rates apply except that:

When the called station does not accept the charges and the calling party requests the operator to place the call later, on a collect basis, the classification of the call is changed to Person-to-Person and the rates and regulations applicable to Person-to-Person apply.

8.3.3 Bill to Third Party

Bill to Third Party denotes a billing arrangement by which a call may be charged to an authorized station as determined by WCTA other than the station originating the call or the station where the call is terminated. Bill to Third Party calls may be Person-to-Person or Operator Station-to-Station as designated by the calling party.

- a. WCTA credit card
- b. Visa/Master card
- c. Discover card

8.3.5 Rates and Charges

- a. The following charges are in addition to the rates specified in Section 4.6.8. Operator assisted charges, each completed call:

- Credit Card Station-to-Station	\$0.65
- Operator Station-to-Station	\$1.25
- Person-to-Person	\$3.50

- b. The following charges apply to each completed operator assisted call. Per minute rates do not apply to these calls:
