RULES AND REGULATIONS

A. APPLICATION

1. General

- a. The Rules and Regulations specified herein apply to the local exchange services and facilities furnished by the Winnebago Cooperative Telecom Association hereinafter referred to as the Company. If the customers fail to observe these Rules and Regulations, the Company has the option to discontinue service after due notice of such failure.
- b. In the event of a conflict between these General Rules and Regulations and any conditions contained in the Service Catalog, the rates and conditions contained in the specific section shall prevail.
- c. This Service Catalog cancels and supersedes all other Service Catalogs of the Company issued and effective prior to the effective dates shown on individual sheets of this Service Catalog.

B. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY

1. Availability of Facilities

- a. The Company's obligation to furnish local exchange service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for such facilities, except as provided for in Part V, Line Extensions.

2. Allowance for Failure of Service

- a. The Company does not guarantee uninterrupted working of its lines or equipment. In case service is interrupted other than by the negligence or willful act of the customer, an adjustment will be made in the amount of the charges for that portion of the service rendered inoperable. Any adjustment shall apply only if the interruption continues beyond twenty-four (24) hours after first noted by the Company. Adjustment will be made in the form of a bill credit. No other liability shall in any case attach to the Company.

3. Adjustment of Charges

- a. In the event of an adjustment of charges for overbilling by the Company, a refund or credit will be made of the full amount of excess charges for a period not to exceed five years. When the period or amount for which overbilling cannot be fixed from available records, the maximum refund or credit will not exceed an estimated amount of such billing.

RULES AND REGULATIONS

B. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY (Continued)

4. Directory Errors and Omissions
 - a. Claims for damages due to errors or omissions in directory listings will be limited to prorated charges for the customer service that is affected.
 - b. In the case of extra listings in the alphabetical section of the directory for which a charge is made, the Company's liability shall be limited to an amount not to exceed the established rate for such listing for the directory period in which the error or omission occurs.
5. Transmitting Messages
 - a. The Company does not transmit messages, but offers the use of its facilities, where available, for communications between parties, subject to the rules, regulations and conditions specified in this Service Catalog.
6. Use of Connecting Company Lines
 - a. Facilities of other companies may be used in establishing connections to points not reached by this Company's lines. In establishing connections with the facilities of other companies, the Company does not assume any liability for any action of the connecting company.
7. Defacement of Property
 - a. The Company shall exercise care in all work done on a customer's property. No liability shall attach to the Company by reason of any defacement or damage to the customers' property resulting from the existence of the Company's instruments, apparatus and associated wiring on such property, or by the installation or removal thereof, unless such defacement or damage is the result of the negligence of the Company, or its employees.
8. Customer Premise Equipment
 - a. The Company shall not be responsible for any loss or damage, nor for failure or impairment of service in connection with customer-provided facilities unless caused solely by the negligence of the Company. The Company's liability is limited to that provided in the General Rules and Regulations of this Service Catalog.
 - b. The telecommunications network is not represented as being adapted to the use of all customer premise equipment and the Company shall not be responsible for: (a) the through transmission of signals generated by the customer premise equipment or for the quality of or defects in, such transmission; (b) the reception of signals by the customer premise equipment or communications equipment.

RULES AND REGULATIONS

B. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY (Continued)

8. Customer Premise Equipment (Continued)

- c. The customer indemnifies and saves the Company harmless against claims for libel, slander, or infringement of patents arising from combining such equipment with the facilities of the Company.
- d. The Company shall not be responsible to the customer if changes in criteria in this Service Catalog or changes in any of the facilities or operations or procedures of the Company render any customer premise equipment obsolete, or require modification or alteration of such equipment, or otherwise affect its use or performance. The Company reserves the right to change the standards of its equipment as the requirements of the telephone business may direct.

C. USE OF SERVICE AND FACILITIES

1. Use of Customer Service

- a. Customer telephone service is furnished only for use by the customer, their family, employees or business associates, or persons residing in the customer's household.

2. Attachment or Connection of Customer Premise Equipment

- a. Customer premise equipment may be used with the facilities furnished by the Company, for telecommunication service, provided that such equipment will be connected, maintained and operated in a manner compatible with Company's facilities and networks.
- b. It is the customer's obligation to ensure compliance with any applicable state or federal laws governing the installation and use of customer premise equipment.
- c. To protect the network and services furnished to the public by the Company, the customer premise equipment must comply with all applicable minimum network protection criteria.
- d. If customer premise equipment is used which is causing or is likely to cause interference or hazard to the network, the Company will take such action as it deems necessary for the protection of the telecommunications network.
- e. After notification by the Company of such interference or hazard, the customer shall discontinue such use and disconnect such equipment. Failure of the customer to conform to this requirement may result in suspension of service.
- f. The customer will be responsible to pay a service check charge as specified in Part VI, Service Check Charges for visits to their premises when the service difficulty is caused by the customer premise equipment.

RULES AND REGULATIONS

D. ESTABLISHMENT AND FURNISHING OF SERVICE

1. Application for Service
 - a. Applications for service may be made orally or in writing. These applications become contracts upon the establishment of service. The Company may require an applicant to pay in advance an amount equal to one month's exchange rate. If a deposit is required by the Company, applicable non-recurring charges and service charges (if any) may be required in advance. The terms and conditions specified for such contracts are subject to these General Rules and Regulations and the Service Catalog for the exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.
 - b. Minimum contract periods and termination of service are covered elsewhere in Part II of this Service Catalog.
2. Telephone Numbers
 - a. The customer has no proprietary right in the telephone number or any right to continuance of service from any specific central office, and the Company may assign or change the telephone number, the central office designation, or both, as is necessary in the conduct of its business. Except for non-payment of yellow page advertising, when customers are assigned a new number within the exchange, the former working number intercept shall provide the new number to a calling party for not less than 60 days or until the issuance of a new directory.
3. Alterations
 - a. The customer agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by the customer necessitate changes in the Company's facilities. The customer agrees to pay the Company's charges for such changes.
4. Payment for Service
 - a. The customer is required to pay all rates and charges for local, exchange services and facilities.
5. Maintenance and Repairs
 - a. All expense of maintenance and repair of regulated services or facilities provided by the Company will be borne by the Company. The customer will be held responsible for restoration or replacement costs in case of loss of, damage to, or destruction of any of the Company's facilities not due to normal use. Customers may not rearrange, disconnect, or remove or permit others to rearrange, disconnect, or remove any Company owned facility installed by the Company unless provided elsewhere in this Service Catalog.

RULES AND REGULATIONS

D. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)

6. Unusual Installation Costs

- a. Where special requirements of the customer involve unusual construction or installation, the customer may be required to pay additional costs as provided elsewhere in this Service Catalog.

E. TELEPHONE DIRECTORIES

1. Distribution and Publication

- a. The Company will normally publish and distribute a directory annually containing the serving exchange listings for each Central Office Access Line without charge. Additional directories may be furnished at the discretion of the Company. Directories containing listings for other areas may be provided at a nominal charge. Directories are furnished to customers as an aid in the use of the telephone service. The Company reserves the right to charge for directories issued in replacement of directories.

2. Directory Listings

- a. Directory listings remain the property of the Company and are not to be reproduced without the permission of the Company.

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT

1. Establishment of Credit

- a. The Company is not obligated to provide service to any individual or firm that owes for regulated services previously rendered by the Company at the same or a different address, until arrangements have been made to liquidate such previous indebtedness to the Company. Applicants for telephone service who are required to make a deposit may be required to pay in advance of installation, the service connection, installation and/or construction charges. In order to insure the payment of all charges due for its service, the Company may require any customer to establish and maintain his credit in one of the following ways:
 - 1) By furnishing credit references acceptable to the Company.
 - 2) By means of a cash deposit.

RULES AND REGULATIONS

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT (Continued)

2. Amount of Deposits

- a. The amount of deposit required shall not be more than the maximum charge for two months local exchange service or as may reasonably be required by the Company in cases involving service for short periods or special occasions. The Company may require the customer to increase the amount of the deposit at any time, if the charges billed against the customer are found to warrant such an increase. Qualified low income applicants may apply for Lifeline Assistance.
- b. A deposit may be made at any Company business office or authorized agent.
- c. The Company will maintain records which show the name and address of each depositor, the amount and date of the deposit and each transaction concerning the deposit. Unclaimed deposits shall be disposed of in accordance with law.
- d. A receipt of deposit will be furnished to each customer from whom a deposit is received. Upon customer request, duplicate receipts will be provided to customers who have lost their receipt if the deposit is substantiated by the Company records.

3. Deposits and Collection Practices

- a. The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Company's regulations as to advance payments and the prompt payment of bills; nor constitutes a waiver or modification of the regular practices of the Company providing for the discontinuance of service for non-payment of sums due the Company for services rendered. The Company may discontinue service to any customer failing to pay current bills regardless of the fact that such customer has made a deposit with the Company to secure payment of such bills, or has furnished the Company with a guarantee in writing for such bills.

4. Interest to be Paid on Deposits

- a. Interest compounded annually, shall be 4% per annum. Interest shall be paid for the period beginning with the date of deposit to the date of refund or to the date that the deposit is applied to the customer's account or to the date the customer's bill becomes permanently delinquent.

5. Discontinuance of Service for Failure to Establish Credit

- a. Service may be discontinued for failure to establish or maintain credit, as set forth in F.1. above, twelve days after the Company has mailed notice requiring the customer to do so.

RULES AND REGULATIONS

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT (Continued)

6. Service Charge for Reconnection
 - a. Where service has been discontinued for failure to establish or maintain credit, as set forth in F.1. above, the applicable service charges as defined in Part VI of this Service Catalog shall apply.
7. Deposit Refunds
 - a. The deposit shall be refunded or credited to the customer after not more than 12 consecutive months of prompt payment or 11 timely payments and one automatic forgiveness of late payment, unless the Company has documented information which indicates the deposit is necessary to insure payment.
8. Criteria for Procurement of Deposits
 - a. False credit information
 - b. Unsatisfactory credit history

G. APPLICATION OF BUSINESS AND RESIDENCE RATES

1. Business rates apply at the following locations:
 - a. In offices, stores, factories, mines, and all other places of a strictly business nature.
 - b. In boarding houses, except as noted under G.2. below, offices of hotels, halls and offices of apartment buildings; quarters occupied by clubs or lodges; public, private or parochial schools or colleges, hospitals, libraries and other similar institutions.
 - c. At residence locations when the customer has no regular business access line service and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature. This may be indicated by advertising either by business cards, newspapers, handbooks, billboards, circulars, motion picture screens, or other advertising media, such as on vehicles, etc. When such business use is not such as commonly arises and passes over to residence telephone during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.
 - d. In any location where the listing of service at that location indicates a business, trade or profession, except as specified under G.2. below.
2. Residence rates apply at the following locations:
 - a. In a private residence where business listings are not provided.
 - b. In private apartments of hotels, rooming house, or boarding houses where service is confined to the customer's use.
 - c. In college fraternity or sorority houses where individual access line service is provided.

RULES AND REGULATIONS

H. CONSTRUCTION AND INSTALLATION CHARGES

1. General

- a. Lines will be extended in accordance with provisions specified in the Line Extension Section.
- b. Special charges in the form of installation charges, monthly rates or both, are applied in addition to the usual service charge and monthly rates when, because of the sporadic or occasional nature of the service or an unusual investment or expense as for example:
 - 1) The facilities are provided in remote or undeveloped sections outside the Base Rate Area.
 - 2) Conditions that require unusual methods of plant construction, installation or maintenance.
 - 3) The customer's location requires the use of costly private right-of-way.
 - 4) The establishment of services which may be of a speculative or temporary nature.
- c. Title to all construction, as specified in H.2. below, provided wholly or partly as a customer's expense is vested in the Company.
- d. "Cost" is labor and materials included loaded overheads and may include a contribution to cover the cost of doing business not explicitly associated with direct cost.

2. Special Type of Construction

- a. If a special type of construction is desired by a customer, (e.g., when underground service is desired in places where aerial construction would normally be used) or if unusual requirements of a customer make the cost of an installation higher than it would be if the usual type of construction were used, the customer is required to pay the difference in cost between the special type of construction and the average cost of the usual type of construction.

I. MINIMUM CONTRACT PERIODS

1. Minimum Contract Period

- a. Except as specified elsewhere in this Service Catalog, the minimum contract period is one month from the date service or additions to service are established and the minimum charge is the authorized rate for one month. For purposes of rate administration each month is considered to have 30 days.
- b. The Company may require a contract period longer than one month at the same location for unusual construction necessary to meet special demands, and involving extra costs (see Special Type Construction).

RULES AND REGULATIONS

J. DISCONNECTION OR REFUSAL OF SERVICE

1. By the Company Without Notice

- a. The Telephone Company may disconnect or refuse service without notice:
 - 1) in the event of a condition on the customer's premises determined by the Telephone Company to be hazardous.
 - 2) in the event of customer's use in such a manner as to adversely affect the Telephone Company's facilities or the Telephone Company's service to others, such as:
 - a) connection of Customer Premise Equipment which causes or is likely to cause interference or hazard to the network.
 - b) Impersonation of another with fraudulent intent.
 - 3) in the event of tampering with facilities furnished and owned by the Telephone Company.
 - 4) in the event of unauthorized use.

2. By the Company After Prior Written Notice

- a. In addition to the reasons set forth in subparagraph 1a. above, the Telephone Company may disconnect or refuse service after providing at least five days or in the case of deposits twelve days, prior written notice for any of the following reasons:
 - 1) failure of a customer to make suitable deposit as required by these rules.
 - 2) use of foul or profane language while using the Company's facilities.
 - 3) the customer's bill for local, or miscellaneous services remains unpaid after the last date for timely payment.
 - 4) for failure of the customer or prospective customer to furnish permits or certificates of right-of-way specified to be furnished in the Telephone Company's rules filed with the Iowa Utilities Board as conditions for obtaining service, or the termination of those permissions or rights, or for the failure of the customer or prospective customer to fulfill the contractual obligations imposed upon them as conditions of obtaining service by a contract subject to the regulatory authority of the Iowa Utilities Board.
 - 5) for failure of the customer to permit the Telephone Company reasonable access to its facilities.
 - 6) any other violation of the Telephone Company's rules and regulations on file with the Iowa Utilities Board, the requirements of municipal ordinances or law pertaining for the service.

RULES AND REGULATIONS

J. DISCONNECTION OR REFUSAL OF SERVICE (Continued)

2. By the Company After Prior Written Notice (Continued)

- b. Despite the prior written notice provisions as contained in these rules, disconnection may take place prior to the expiration of the notice period if the Telephone Company determines, from verifiable data, that usage during the notice period is so abnormally high that a risk of irrevocable revenue loss is created.
- c. Only one written notice will be provided to the customer if multiple violations occur.
- d. The notice of pending disconnection required by these rules shall be a written notice setting forth all reasons for the notice, and the final date by which the account is to be settled or specific action taken. The notice shall be considered rendered to the customer when deposited in the U.S. mail with postage prepaid. If delivery is by other than U.S. mail, the notice shall be considered rendered when delivered to the last known address of the person responsible for payment for the service. The final date shall be not less than five days after the notice is rendered, or in the case of deposits twelve days. The notice will include a toll-free or collect number where a customer can obtain additional information.
- e. Where written notice is required, the Company will not disconnect service on a weekend, holiday, or after 2:00 P.M. unless the Company is prepared to reconnect the service the same day.

3. Disputes

In the event of a dispute concerning a bill, the Telephone Company may require the customer to pay a sum of money equal to the amount of the undisputed portion of the bill. Following payment of the undisputed amount, efforts to resolve the complaint, using complaint procedures in the Telephone Company's Service Catalog, shall continue and for not less than forty-five days after the rendering of the disputed bill, the service shall not be disconnected for non-payment for the disputed amount. The forty-five days may be extended by up to sixty days if requested of the Telephone Company by the Iowa Utilities Board in the event the customer files a written complaint with the Iowa Utilities Board, Customer Service, 1375 E. Court Avenue, Room 69, Des Moines, Iowa 50319-0069, toll free at 1-877-565-4450, or customer@iub.iowa.gov.

RULES AND REGULATIONS

J. DISCONNECTION OR REFUSAL OF SERVICE (Continued)

4. Emergency Medical Conditions

Disconnection of a residential customer shall be postponed 30 days if an existing medical emergency of the customer, a member of the customer's family, or any permanent resident of the premises where service is rendered would present an especial danger to the health of any permanent resident of the premises. Indicators of an especial danger to health include, but are not limited to: age; infirmity; mental incapacitation; serious illness; physical disability, including blindness and limited mobility; and any other factual circumstance which may indicate a severe or hazardous health situation. The telephone utility may require written verification of the especial danger to health by a physician or a public health official, including the name of the person endangered, and a statement that the person is a resident of the premises in question. Initial verification may be by telephone, but the telephone utility may require a written verification within 5 days of the verification of the especial health danger by the physician or a public health official, including the name of the person endangered and a statement that the person is a resident of the premises in question. If the service has been disconnected within 14 days prior to verification of illness for a qualifying resident, service shall be restored to that residence if a proper verification is thereafter made in accordance with the foregoing provisions. If the customer does not make payment during the 30-day period, the service is then subject to disconnection.

5. At Customer's Request

- a. Contracts for service may be terminated prior to the expiration of the contract period provided advance notice is given to the Company and upon agreement to pay all charges due for the service furnished, plus any termination charges which might be applicable.
- b. Where a contract for service with a one-month minimum period is canceled before establishment of the service is completed, a charge not to exceed the service charge specified, is applied if all or a portion of the facilities have been installed.
- c. No minimum or termination charge will apply (unless otherwise stated specifically in this Service Catalog) where a new customer takes over the service of the former customer, provided the service is to be furnished at the same location without interruption and that the new customer assumes all unpaid charges on the original contract. Minimum and termination charges will apply for any service furnished under the original contract which is not retained by the new customer.
- d. No minimum or termination charge will apply in the event the service is terminated because of condemnation, destruction, or damage to property by fire or other cause, beyond the control of the customer.

RULES AND REGULATIONS

K. PAYMENT FOR SERVICE AND FACILITIES

1. General

- a. Generally all customers shall pay for services and facilities monthly in advance. Municipal, State or Governmental Agencies may be exceptions to this rule.
- b. Billing to customers shall be scheduled monthly.
- c. All bills for local, or miscellaneous services are due not less than 20 days after the bill is rendered.
- d. When a customer is connected or disconnected, or for other cause the service received deviates by more than twenty-four consecutive hours from the normal billing period, the bill shall be prorated. If the prorating indicates a refund is due, the refund shall be accomplished by bill credit.
- e. Failure to receive a bill does not relieve the customer of the responsibility for payment.

2. Disconnection of Service by the Company

- a. In the event of failure by the customer or those responsible to pay any bill on or before the due date, the Company may discontinue local, or miscellaneous services upon written notice, allowing the customer five days to make payment or settlement.

3. Service Charge for Reconnection

- a. Where service has been discontinued for non-payment of a due bill applicable service charges as defined in Part VI of this Service Catalog shall apply.
- b. Where service has been discontinued for the non-payment of a due bill, the customer may be required to reestablish credit as defined in Establishment and Maintenance of Credit.
- c. The maximum payment for restoration of service that existed prior to disconnection shall be the total past due amount, applicable nonrecurring charges and if appropriate, an Advance Payment and Deposit as specified elsewhere in this Service Catalog.

4. Late Payment Charge

- a. All bills for which full payment has not been received paid before the last date for timely payment shall be subject to a late payment charge.
- b. Each account shall be granted not less than one complete forgiveness of late payment charges each calendar year for regulated services. The customer will be notified that this forgiveness has been used by first class mail, telephone or electronic means.
- c. Late payment charges shall be \$3.00.

RULES AND REGULATIONS

L. TAXES OR FEES TO BE BILLED TO CUSTOMERS

1. General

- a. When a municipality or political subdivision imposes upon the Company any license, occupation, franchise, permit, inspection or other similar tax, such tax, fee or charge may be billed to the telephone customers receiving service within the municipal or political subdivision, allocated uniformly on the basis of each such customer's monthly charges for the types of service made subject to such tax, fee or charge.

M. NETWORK CONNECTIONS

1. General

- a. Customers are connected to the telephone network at a point of demarcation as specified in the Board rules.
- b. Connections of new inside station wiring to the network shall only be made at the Demarcation Point.
- c. Such connections shall be made by using a Standard Network Interface and shall be in accordance with Part 68 of the FCC Rules.
- d. Direct electrical connections at the protector or by-passing the Standard Network Interface shall constitute a violation of this Service Catalog and the service may be disconnected in accordance with its filed Rules and Regulations.
- e. Customers shall not be allowed to construct inside station wiring from a demarcation point or between two or more buildings on the same premises to obtain service from an exchange other than that by which they would normally be served. Existing inside wiring obtaining local exchange service within another exchange boundary shall be disconnected by the customer within ten days after receipt of written notification from the Company.

RULES AND REGULATIONS

N. CUSTOMER COMPLAINTS

1. General

- a. A customer or prospective customer may initiate a complaint with the Company on any relevant matter by telephone, in person or in writing directed to the Company at any of its offices. The Company's response to the complaint will generally be in the same form used by the customer. However, the Company may respond to written complaints by telephone or personal visits when it believes such communications will be effective in resolution of the issues.
- b. The customer may at any point during resolution of the complaint seek review by a Supervisor or Manager.
- c. Upon investigation and final resolution by the Company, if the customer wishes further review, the customer should direct all appropriate information to the Iowa Utilities Board, Customer Service, 1375 E. Court Avenue, Room 69, Des Moines, Iowa 50319-0069, toll free at 1-877-565-4450, or customer@iub.iowa.gov.

O. RESALE OR SHARED SERVICE

1. General

- a. A reseller or shared service customer may obtain local exchange service from the Company to allow occupants of a building or complex of buildings to share in the use of local exchange services.
- b. The Company will provide service to the point of demarcation.
- c. The customer shall be responsible to extend the service from the point of demarcation.
- d. The end-user customer must be allowed to subscribe to service provided by the Company.
- e. Should the reseller refuse to allow the end-user customer to subscribe to local exchange service direct from the Company, the end-user customer may file a complaint against the reseller with the Iowa Utilities Board, Customer Service, 1375 E. Court Avenue, Room 69, Des Moines, Iowa 50319-0069, toll free at 1-877-565-4450, or customer@iub.iowa.gov.

DEFINITIONS

ACTIVE ACCOUNT - A customer who is currently receiving telephone service, or one whose service has been temporarily disconnected (vacation, non-payment, storm damage, etc.).

ADDITIONAL LISTING - Any listing of a name or other authorized information in connection with a customer's telephone number in addition to that to which he is entitled in connection with his regular service.

ADJACENT EXCHANGE SERVICE - Local Exchange Service, including extended area service, provided to a customer via direct facility connection to an exchange contiguous to the exchange in which the customer is located.

ANCILLARY SERVICE OR EQUIPMENT - Any communication service or equipment not included in the definitions of transmission service, terminal equipment or inside station wiring.

AUTHORIZED USER - A person, firm or corporation (other than the customer) on whose premises a telephone, private branch exchange, or private line service or channel is located and who may communicate over such channels in accordance with the terms of the Service Catalog.

BASE RATE - A rate for grades of exchange service available to customers located within a base rate area.

BASE RATE AREA - The developed portion within each exchange service area as set forth in the telephone utility's Service Catalog, maps or descriptions.

BUILDING - The term "Building" is a structure occupied by a customer or authorized user. Multi-occupant structures will be considered different buildings when space of one customer or authorized user is separated by space occupied by others.

BUSINESS SERVICE - Central Office Access Line service furnished to customers where the actual or obvious use is of a business, professional or occupational nature.

CALLS - Telephone messages attempted by customers or users.

CENTRAL OFFICE - A unit in a telephone system which provides service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting customer lines and trunks or trunks only. There may be more than one central office in a building.

CENTRAL OFFICE ACCESS LINE - A circuit extending from the central office equipment up to and including the demarcation point.

CENTRAL OFFICE ACCESS LINE CHARGE - For work associated with the telephone line, extending from central office equipment up to and including, the demarcation point located at the customers' premises.

CHANNEL - An electrical path suitable for the transmission of communications.

CHARGES - Nonrecurring amounts billed to customers for regulated services.

CHECK OF SERVICE or **SERVICE CHECK** - An examination, test or other method utilized to determine the condition of customer-provided terminal equipment and inside station wiring.

CIRCUIT - A channel used for the transmission of electrical energy in the furnishing of telephone and other communication services.

CLASS OF SERVICE - The various categories of service generally available to the customer, such as business, residential, pay telephone service and resale or shared services.

COMMUNICATIONS SYSTEM - Channels and other facilities which are capable, when not connected to exchange telecommunications service, of two-way communications between customer-provided terminal equipment or Company stations.

COMPANY - A corporation, association, partnership, or individual engaged in the business of furnishing telephone and other communications services to the public.

CONNECTING COMPANY - A corporation, association, partnership or individual owning or operating one or more exchanges and with which communications services are interchanged.

CONSTRUCTION CHARGE - A separate recurring and/or nonrecurring charge made for the construction of facilities in excess of those contemplated under the rates quoted in the Service Catalog.

CONTIGUOUS PROPERTY - Two or more parcels of property, occupied by the customer, in which the boundary line of one property touches the boundary line of the other(s).

CONTRACT - The agreement between a customer and the Company under which service and facilities are furnished in accordance with the applicable provisions of the Service Catalog.

COST - The cost of labor and materials, which includes appropriate amounts to cover the Company's general operating and administrative expenses.

CUSTOMER - The individual, carrier, reseller, partnership, association, corporation or government agency which contracts for telephone service, or relays messages to or from points outside the extended area, and is responsible for the payment of charges and compliance with the rules and regulations of the Company.

CUSTOMER PREMISE EQUIPMENT - Equipment located on the customer's premise owned by the customer.

DELINQUENT OR DELINQUENCY - An account for which a bill or payment agreement for regulated services or equipment has not been paid in full on or before the last day for timely payment.

DEMARCATION POINT - The point of connection provided and maintained by the telephone utility to which the telephone utility-owned existing inside station wiring or customer-provided new inside station wiring becomes dedicated to an individual building or facility. For an individual customer dwelling, this point of connection will generally be immediately adjacent to, or within twelve inches of, the protector or the customer's side of the protector. The drop and block, including the protector, will continue to be provided by and remain the property of the telephone utility. In the instance where a physical protector does not exist at the point of cable entrance into the building or facility, the demarcation point is defined as the entrance point of the cable into the building or facility.

DIRECTORY LISTING - A publication in the Company's alphabetical directory of information relative to a customer's name or other identification and telephone number.

DISCONNECT - The disabling of circuitry preventing both outgoing and incoming communications.

DISCONNECT NOTICE - The written notice sent to a customer following billing, notifying that service will be discontinued if charges are not satisfied by the date specified on the notice.

DROP WIRE - That portion of a circuit between the pole line or cable distributing box and the protector or equivalent.

DUE DATE - The last day for payment without unpaid amounts being subject to a late payment charge or additional collection efforts.

DUE NOTICES - See "Disconnect Notice."

ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE (E911) - A telephone exchange service whereby one or more Public Safety Answering Points designated by the customer may receive telephone calls dialed to the telephone number 911.

ENTRANCE FACILITIES - Facilities extending from the point of entrance on private property to the premises on which service is furnished.

EXCHANGE - A geographical area established for the administration of local communications services in a specified area, called the "Exchange Area", which usually embraces a city, town or village, and its environs. It may contain one or more central offices together with the associated plant, equipment, and facilities used in furnishing communication service within that area.

EXCHANGE AREA - The territory served by an exchange.

EXCHANGE SERVICE - The furnishing of facilities for communication within an exchange area, in accordance with the regulations and charges specified in the Service Catalog.

EXTENDED AREA SERVICE - Extended Area Service (EAS) means telephone service furnished between end user customers located within an exchange area and all of the end user customers of an additional exchange area. Extended Area Service is only for local calls both originating and terminating within the defined extended area by the end users of local exchange companies.

EXTRA EXCHANGE LINE MILEAGE - The measurement on which charges are based for that portion of the circuit extending beyond the Base Rate Area but within the Exchange Area, which is used to furnish urban classes of service in the Suburban or Rural Area.

EXTRA LISTING - See "Additional Listing."

FLAT RATE SERVICE - Telecommunications service furnished at a fixed monthly or periodic charge.

FOREIGN CENTRAL OFFICE - Any central office other than that which serves the area in which the customer is located.

LOCAL EXCHANGE SERVICE

RESALE AND SHARED SERVICES

A. GENERAL

1. The Company will provide central office access lines to any landlord, owner, tenant association, or other affiliated group for the purpose of reselling or sharing local exchange services to occupants of a building or complex of buildings with a community of interest.
2. All persons (end-users) or occupants in a building or complex of buildings shall be permitted to subscribe to local exchange service from the Company.
3. The telephone rates charged to resale or shared use providers of service shall be on the same basis as business service.
4. The rates contained herein are in addition to all other applicable rates and charges located in other parts of this Service Catalog.

B. CONDITIONS

1. Community of interest as used in Paragraph A.1. above normally indicates joint or common ownership but other factors may be considered.
2. The local resale or shared use supplier is required to subscribe to a sufficient number of access lines to assure the local network is not impaired and shall provide adequate facilities to its customers.
3. The Company is responsible for transmission quality up to the point of demarcation with the resale/shared use supplier. Transmission quality on the customer side of demarcation shall be the responsibility of the resale/shared use supplier.
4. The local resale/shared use supplier shall be responsible for providing local exchange telephone directories to its customers or users. The Company shall provide the resale/shared use supplier a directory in accordance with Part II of this Service Catalog.

GENERAL EXCHANGE SERVICES

DIRECTORY LISTINGS

A. GENERAL

The following rates are applicable to the alphabetic section of the white pages of the telephone directory for business or residence customers. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this Service Catalog.

B. RATES

	Monthly Residential <u>Rate</u>	Monthly Business <u>Rate</u>

2. Private service, per listing.....	\$2.00	\$2.00
3. Foreign or nonsubscriber service, per listing..... (See Condition 4)	\$5.30	\$5.30

C. CONDITIONS

1. A primary listing, which may include the name, address and telephone number of the individual, organization, firm or corporation for whom the service has been contracted, will be furnished at no charge.
 - a. Listings will be limited to such information as is necessary for proper identification.
 - b. The length of a listing may be limited by the use of abbreviations where the clarity of the listing and the identification of the customer will not be impaired.
 - c. The Company may refuse to insert any listing which, in its judgment does not facilitate the use of the directory.
2. Additional listings may be furnished with business or residence service for persons who occupy the same premises at the rates shown above. An additional listing may include the same address and telephone number as the primary listing.
3. An alternate call listing refers a calling party to certain other telephone numbers such as after business hours, on Sundays, holidays, or if there is no answer on the first listed number. Where the alternate call number is that of another customer, the listing will be furnished only with written approval of the other customer.

GENERAL EXCHANGE SERVICES

C. CONDITIONS (Continued)

4. A foreign or nonsubscriber listing is furnished customers requesting that their listing be included in a directory of an exchange other than that from which service is rendered. The rate for a foreign company listing will be the rate of the company in whose directory the listing appears. The Conditions of paragraph C.1. above shall apply.
5. Private service is the omission of a customer's listing from both the telephone directory and directory assistance records.
 - a. When private service is to be furnished, the customer will hold the Company harmless from any damages which might arise, and will absolve the Company from any responsibility for the failure of the customer to receive calls because of the private listing.
 - b. No charge will apply for private service for customers having other listed service.
6. The charge for additional, alternate or private listings is effective the day the directory assistance record is posted.

f. Subtract d. from e. (if possible) equals g.	
g. Remainder is the dollar amount of the line extension due from the customer.	

GENERAL EXCHANGE SERVICES

C. CONDITIONS

1. Route and type of facilities
 - a. The Company shall determine the route and type of construction which will be used in the extension of its facilities within an exchange. All such line extensions shall be owned and maintained by the Company.
 - b. The Company will be responsible for the route of the proposed line extension facilities upon which costs will be developed. Such routes will include the last pole or cable distribution box on public or private property but will exclude the drop wire (maximum of 300 feet) for the building in which the telephone service is to be located.
 - c. Any difference in costs between the type of construction proposed by the Company for use on a line extension and the type of construction requested by the customer will be charged at actual cost for the difference. (See Part II, Special Type of Construction.)
 - d. When two (2) or more applicants mutually agree they may be considered as a "group." Line extension charges will be established in order to determine the amount of construction which needs to be provided. Line extension charges computed for the total extension, less allowable costs, may be proportionately divided among the applicant making up the "group."
2. Obligation of the Company
 - a. The Company's obligation to provide service through line extensions is solely dependent upon its ability to secure, retain, and maintain suitable rights-of-way without unreasonable expense.
 - b. The Company will survey all prospective customers who could receive service from each proposed line extension project prior to its construction.
3. Payment of charges applicable to line extensions shall be paid in advance.
4. Applicants requesting service which can be provided from a previously established line extension project:
 - a. Within 12 months from the time service was initially provided by means of such line extensions, initial charges will be recomputed by the Company and the applicant will pay a proportionate share of such charges as if they were one of the initial applicants and appropriate refunds will be made to the original customer(s).
 - b. After 12 months from the time service was initially provided, such applicant(s) will be responsible for the charges and conditions applicable to the establishment of line extension facilities required to serve them alone.
5. Except as provided elsewhere in this Service Catalog, refunds of line extension charges will not be paid by the Company.

GENERAL EXCHANGE SERVICES

C. CONDITIONS (Continued)

6. Supersedure of service provided from a line extension and any adjustment in an amount paid by a customer discontinuing such service will be a matter of negotiation between the disconnecting customer, who has obligated himself for the line extension charge and the superseding applicant.
7. The Company will have the option to specify the type of construction to be used when line extensions are requested for service into real estate subdivisions or mobile home parks. Any difference in costs of types of plant facilities used by the Company or requested by the subdivider will be negotiated between the parties.
8. When the line extension proposed contains growth potential to provide for anticipated future service demands, the proposed customer(s) will only be obligated for that portion of such line extension costs as would be necessary to serve the new customer alone. It will be to that segregated amount that the Formula for average Outside Plant costs will be applied.
9. Line extensions of a temporary or speculative nature
 - a. Line extension of the Company's facilities may be made to provide service of a temporary or speculative nature. An applicant whose service is considered speculative or temporary in nature will be charged the total actual costs of construction and estimated costs of removal, less salvage value, for the material used to establish the service.
 - 1) If after a 12-month period the temporary or speculative project is considered by the Company to be a permanent service, a refund may be made to the customer for the difference between costs paid and the charges which would have been computed for a regular line extension.

2. The minimum period for which this service may be provided is 30 days; the maximum is 330 days during any 12-month period.

GENERAL EXCHANGE SERVICES

ADJACENT EXCHANGE SERVICE

A. GENERAL

1. Adjacent Exchange Service is offered to customers of this Company in any adjacent contiguous exchange in the State of Iowa.
2. The customer must subscribe to service in the primary exchange to be eligible for this service.
3. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this Service Catalog.
4. This adjacent exchange section shall not affect the terms under which a customer receives adjacent exchange service, if that customer was receiving adjacent exchange service prior to April 26, 1989.

B. DEFINITIONS

1. Primary Exchange - The exchange in which the customer is located.
2. Adjacent (secondary) Exchange - The adjacent contiguous exchange from which a second service can be extended into the primary exchange.
3. Construction Charges - The costs, including normal overhead expenses and costs for regrouping of lines, incurred by the company(s) in the provision of facilities required to extend the adjacent exchange service to the premises of the customer in the primary exchange.
4. Telephone Plant - The central office equipment, wire, poles when applicable, outside plant facilities necessary in the provision of this service.
5. Point of Connection - Exchange boundary line, or point at which plant facilities cross, between the primary and adjacent exchanges.

GENERAL EXCHANGE SERVICES

C. CHARGES - (Nonrecurring)

1. The charges applicable to the customer in the provision of this service are:
 - a. In the primary exchange
 - 1) All construction charges for extending the telephone plant facilities of the primary company from the customer location to the point of connection at the adjacent exchange boundary. These charges will be paid to the primary exchange company.
 - b. In the adjacent exchange
 - 1) Construction charges applicable for extending the telephone plant facilities of the adjacent company from the point of connection at the primary exchange boundary to the available facilities in the adjacent exchange for the requested service. These charges will be paid to the adjacent exchange company.
2. All charges (estimated costs) will be paid in advance; and differences between actual and estimated costs will be refunded to the customers, or remitted to the company(s), as may be applicable.

D. RATES - (Monthly Recurring)

1. The rates applicable to the customer are:
 - a. All filed rates of the adjacent exchange company for the service provided, plus
 - b. Exchange mileage rates based on the cable route distance from the customer's location in the primary exchange to the point of connection with the adjacent exchange.

	Monthly <u>Rate</u>
1) First one mile or fraction thereof.....	\$4.00
2) Each additional 1/4-mile or fraction thereof	\$1.00

GENERAL EXCHANGE SERVICES

E. CONDITIONS

1. No toll calls will be placed from or charged to the customer's adjacent exchange central office access line except at such times as the primary exchange central office access line has been reported to be out of service.
 - a. Any violation of this condition will be cause for suspension or termination of the Adjacent Exchange Service.
 - b. When service from the primary exchange has been reported out of order, toll calls placed from the adjacent exchange central office access line will be rated from the adjacent exchange.
2. The rates, charges and billing for primary exchange service (plus toll charges on the primary central office access line) will be the responsibility of the primary company. The primary exchange company shall bill for the adjacent exchange service and make appropriate settlement to the secondary exchange company, unless the primary exchange and the adjacent exchange agree to a different billing arrangement.
3. All outside telephone plant and facilities will be owned, installed and maintained by the company(s) in whose exchange it is provided.
4. A customer subscribing to adjacent exchange service must also subscribe to service from the primary exchange. Any suspension or termination of the primary exchange service will require suspension or termination of the adjacent exchange service.
5. Disconnection of Service
 - a. When service provided under this Service Catalog is disconnected, because the customer has no further need of such, or for non-payment of either primary or adjacent exchange service, no refunds of amounts paid previously by the customer for the extension of this service will be made by the Company.
6. Reuse of Facilities
 - a. When disconnected facilities are reused by a subsequent adjacent exchange service customer requiring the same grade of service, no additional Construction Charges will be applied to such reconnected facilities, providing no additional construction of telephone plant is required.
7. Failure of the customer to comply with the Service Catalog provisions related to adjacent exchange service shall make the customer subject to discontinuance of service after appropriate notice.
8. Adjacent exchange service shall be restricted to only residential service, unless a waiver is permitted by the Utilities Board for a particular customer for good cause shown.

ANONYMOUS (BLOCKED) CALLER REJECTION - Allows a customer of Calling Number Delivery and/or Calling Number with Calling Name Delivery to reject calls for which calling name/number display information has been intentionally blocked. Only calls for which the information has been blocked are rejected.

AUTOMATIC CALL BACK - An outgoing call management feature which will enable a customer to dial a special code to redial the last number dialed from their station. This will apply regardless of whether the original call was answered, or encountered a busy tone. The system will monitor the calling and called lines and will attempt to connect the call for up to 30 minutes. The activation of this feature can be canceled by a customer when desired.

AUTOMATIC RECALL - An incoming call management feature that enables a customer to have call set-up performed automatically to the calling party of the last incoming call. This applies whether the incoming call was answered or unanswered. If the directory number of the last incoming call is not marked "private", a customer hears a voice announcement of the directory number, and is given the opportunity to re-call that number. If the directory number of the last incoming call is marked "private", it will not be voiced back.

BLOCK DIRECTORY ASSISTANCE – Prevents customer's phone number from originating directory assistance calls.

BLOCK OPERATOR ASSISTANCE – Prevents customer's phone number from originating operator assistance calls.

C. DEFINITIONS (Continued)

CALL FORWARDING - Permits a customer to transfer all incoming calls to another dialable telephone number. The customer pre-selects a second telephone number to which the customer wants all incoming calls to be automatically transferred. Calls may be transferred to a long distance message telecommunications point subject to the availability of the necessary facilities in the central office from which the calls are to be transferred. Call Forwarding shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is transferred. Customers utilizing Call Forwarding service are responsible for the payment of charges for each toll call between the telephone to which the call was transferred.

CALL FORWARDING IF BUSY - Permits a customer, if their line is busy, to transfer incoming calls to another dialable telephone number. The customer pre-selects a second number to which the customer wants incoming calls to be automatically transferred to if their line is busy. Calls may be transferred to either local or long distance numbers. Call Forwarding If Busy shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is to be transferred. Customers utilizing Call Forwarding If Busy service are responsible for the payment of charges for each toll call to the telephone to which the call is transferred. Touch tone equipment is required for this service.

CALL FORWARDING NO ANSWER - Permits a customer, if a call to their line is not answered in a specified number of rings, to transfer incoming calls to another dialable telephone number. The customer pre-selects a second number to which the customer wants incoming calls to be automatically transferred to if the call to the line is not answered in the specified number of rings. Calls may be transferred to either local or long distance numbers. Call Forwarding No Answer shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is to be transferred. Customers utilizing Call Forwarding No Answer service are responsible for the payment of charges for each toll call to the telephone to which the call is transferred. Touch tone equipment is required for this service.

C. DEFINITIONS (Continued)

CALL FORWARDING REMOTE ACCESS - Permits a customer to transfer incoming calls to another dialable telephone number from a location other than the subscriber's home station. The customer pre-selects a second number to which the customer wants incoming calls to be automatically transferred to by dialing an access directory number. Calls may be transferred to either local or long distance numbers. Call Forwarding Remote Access shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is to be transferred. Customers utilizing Call Forwarding Remote Access service are responsible for the payment of charges for each toll call to the telephone to which the call is transferred. Touch tone equipment is required for this service.

CALL TRANSFER – Enables a customer to transfer an incoming call to a third party or add a third party to an existing call, forming a three party connection, and then to leave the connection without disconnecting the call.

CALL WAITING - By means of a tone signal a customer who is using their telephone is alerted when another caller is trying to reach that station. This permits putting the first call on hold so that a second call can be answered.

CALL WAITING DEACTIVATION - This feature gives Call Waiting customers the ability to control when Call Waiting functions on their line.

CALLING NUMBER DELIVERY - Allows for the automatic delivery of a calling party's telephone number (including nonpublished and nonlisted telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on customer provided equipment.

CALLING NUMBER WITH CALLING NAME DELIVERY - Allows for the automatic delivery of a calling party's name to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name is displayed on customer provided equipment.

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company, in its discretion, may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes. The Company's sole and only obligation shall be to reasonably correct errors in names when notified in writing of such errors.

C. DEFINITIONS (Continued)

CALLER IDENTIFICATION ON CALL WAITING - This feature combines the functionality of Calling Number Delivery with call waiting or Calling Number with Calling Name Delivery with call waiting and allows the customer with call waiting to receive name and/or number information on a call that is waiting. The customer must have the appropriate customer-premise equipment.

For this feature to work, the customer must subscribe to Calling Number Delivery or Calling Number with Calling Name Delivery, and Call Waiting, in addition to Caller Identification on Call Waiting.

CALLING NUMBER DELIVERY BLOCKING - PER CALL - Enables a customer to control the disclosure of their telephone number or name and telephone number to a customer of Calling Number Delivery and/or Calling Number with Calling Name Delivery (where technically feasible) by temporarily changing the public/private status indicator of the telephone number. A customer must dial a code before each call to change the indicator from public to private. "Public status" allows delivery of the telephone number or name and telephone number. "Private status" prevents delivery of the telephone number or name and telephone number. Per Call Blocking is provided at no charge.

CALLING NUMBER DELIVERY BLOCKING - PER LINE - Provides a permanent private indicator on a customer's line. Once blocking is established on the customer's line, the private status cannot be deactivated by the customer. Rates and charges are provided herein. Federal, State, and Local Law Enforcement Agencies, nonprofit domestic violence/sexual assault agencies and their staffs, and victims of domestic/sexual assault or individuals who express a personal safety need and sign a personal safety exemption form may be provided additional arrangements for private status and/or line blocking, on a line-by-line basis, at no charge.

The certification form identifies a customer who is to receive Per Line Blocking at no charge and acknowledges that if a line is equipped with Per Line Blocking, that the telephone number and name will not be delivered to customers of Calling Number Delivery and/or Calling Number with Calling Name Delivery, including poison control centers, hospitals, medical centers and others who might use Calling Number Delivery and/or Calling Number with Calling Name Delivery to provide assistance. 911 is not affected. Some customers of Calling Number Delivery and/or Calling Number with Calling Name Delivery Service may choose not to answer blocked calls.

The customer acknowledges the understanding of the above. Further, the customer releases the Company from all claims and liability, including personal injury caused by its errors, omissions and operation or malfunction of Per Line Blocking service.

C. DEFINITIONS (Continued)

CALLING PARTY NUMBER – Allows a customer to display their main number when calling out on a fax machine.

CHARGE NUMBER. Charge Number is normally used on Roll Over lines (Hunt Groups). The number to which calls are billed, which can be different from the directory number if required. In North America this is normally a 10-digit directory number. If this field is left blank, calls are billed to the subscriber's directory number. The charge number can only be sent on SIP trunks if the trunk is trusted, and if the Supports receiving charge information and Trust charge information fixbits are set on the Remote Media Gateway Model used by the trunk.

CUSTOMER ORIGINATED TRACE - PER CALL - Allows a customer to initiate a trace on the last incoming call by dialing an activation code. The call is traced automatically, and the originating directory number and the time the call was made are forwarded to the telephone company. The customer must contact the telephone company to have the information released to the appropriate law enforcement agency.

DISTINCTIVE RINGING/CALL WAITING - An incoming management feature that allows a customer to define a list of calling directory numbers that provides the customer with special incoming call treatment. Any incoming calls on this list are indicated by a distinctive ringing pattern or a distinctive Call Waiting tone, if applicable. Terminating calls from directory numbers which are not on the list, or which cannot be identified, are given standard treatment.

FIND ME – This service offers intelligent simultaneous ring functionality for the customer. Subscribers to the Find Me service can specify up to six (6) telephone numbers to be dialed at the same time or in succession when they receive a call. Find Me alerts the caller that it is attempting to locate the subscriber by announcing, "Attempting to locate (name here). Please stay on the line." Therefore the caller knows to stay on the line as the service attempts to locate the subscriber. Another significant feature is that Find Me offers call verification. If a subscriber's spouse is at home and answers the phone, Find Me announces "I have a call for: (name here). If that person is available at this number, press 1. Otherwise hang up." The Find Me service is also intelligent enough to not allow voice mail or answering machines to terminate the service unless specifically instructed to do so.

HOT LINE - Allows a customer to establish a switched connection to a predetermined number when the customer's telephone goes off-hook. No dialing is required and the call is processed automatically to the predetermined telephone number.

900 RESTRICTION - Customers control access to 900 numbers from their phones by entering a four-digit PIN number. The 900 Restriction feature enables customers to establish, using the telephone keypad, a list of 900 exchange codes to be denied or permitted access from their phones. The 900 Restriction feature may also be used to deny or permit access to all 900 numbers. The four-digit PIN number is entered by the customer.

GENERAL EXCHANGE SERVICES

C. DEFINITIONS (Continued)

ONE-PLUS PER CALL RESTRICTION - Allows a customer to control one-plus dialing from their phones by using a four-digit PIN. The PIN must be dialed before all one-plus calls. The customer will receive a second dial tone after a valid PIN is entered. The customer will be routed to an announcement when a one-plus call is attempted without the correct PIN. One-Plus Per Call restriction is not permitted on lines with Super Speed Calling assigned. The four-digit PIN number is entered by the customer.

ONE-PLUS BULK CALL RESTRICTION - Allows a customer to turn all One-Plus dialing on or off from their phones by dialing an activation/de-activation code and entering a four-digit pin. The four-digit PIN number is entered by the customer.

REVERTIVE CALL - Enables a customer to call another telephone connected to their line.

SELECTIVE CALL ACCEPTANCE - Allows a customer to define a list of calling directory numbers that will be accepted. Calling parties not on the acceptance list receive an announcement stating that the call is not presently being accepted by the called party. Customers do not receive notification that calls were rejected.

SELECTIVE CALL FORWARDING - Allows a customer to define a list of up to 32 directory numbers that will be forwarded to a designated remote station. Terminating calls from directory numbers that cannot be identified or have not been indicated on the list are given standard terminating treatment.

SELECTIVE CALL REJECTION - Allows a customer to define a list of calling directory numbers to be screened. Any calling directory numbers on this list are routed to an announcement stating that the called party is not accepting calls, and are rejected. The Selective Call Rejection customer is not notified when calls have been rejected or how many calls have been rejected.

SPEED CALLING - Enables a customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. Customer may subscribe to only one of either the 8 Code capacity or 30 Code capacity on the same line.

TEEN SERVICE/CUSTOM RINGING - Allows a customer to have a second number on the same line. Calls to the second number are indicated by a distinctive ring.

C. DEFINITIONS (Continued)

TELEMARKETING CALL SCREENING – Local calls will ring through as normal. Telemarketing Call Screening intercepts all other calls and announces that the customer does not accept calls from telemarketers. A customer's phone doesn't even ring. It also instructs telemarketers to add the customer's name to their "Do Not Call" list. Other callers are advised to dial "1" or stay on the line to be connected. If the caller presses 1, the service will remember their phone numbers so the next time they call, they will not hear the message.

THREE-WAY CALLING - Enables a customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation. The transmission may vary depending on the distance and routing necessary; therefore, transmission may not meet normal standards.

WARM LINE - Allows a customer to establish a switched connection to a predetermined number if the customer does not dial a number within a specified length of time after going off-hook. When a customer's telephone goes off-hook and dialing begins within a specified time delay period, the call will proceed normally as dialed. If dialing has not started before the end of the predefined time delay period, a predetermined stored number is automatically dialed by the central office equipment.

D. CONDITIONS

1. Call Forwarding Services shall not be used to extend calls on a planned and continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the station originating the call and the station to which the call is transferred. Customers utilizing call forwarding services are responsible for the payment of charges for each toll call to the telephone to which the call is transferred.
2. Control of the number assignment on the shared speed call list associated with Group Intercom resides with the provider. The provider must have an access line in the same central office as their client for the purpose of controlling the speed call list. The access line will be restricted from dialing any toll calls billable to the end user.
3. Custom Calling Services will be provided in connection with individual line residence and business service. Custom Calling Services are not available to PBX customers.

ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE (E911)

A. GENERAL

1. Enhanced Universal Emergency Number Service, also referred to as Enhanced 911 Service or E911, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. E911 Service includes a line and equipment necessary for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. E911 Service provides for Selective Routing, Automatic Number Identification, and Automatic Location Identification features.
2. Enhanced 911 Service is offered subject to availability of facilities.
3. The E911 customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for emergency police, fire or other emergency services within the telephone central office areas arranged for 911 calling.
4. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this Service Catalog.

B. RATES

The rates and charges for E911 Service will be determined on an individual case basis. Individual features requested by the customer include, but are not limited to, central office modifications, data base preparation, trunking and maintenance.

C. CONDITIONS

1. E911 service is provided solely for the benefit of the customer operating the PSAP. The provision of E911 Service by the Telephone Company shall not be interpreted, construed, or regarded, either expressly or implied, as being for the benefit of or creating and Telephone Company obligation toward any third person or legal entity other than the customer.
2. The Telephone Company does not undertake to answer and forward E911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customers' premises.
3. Temporary or vacation suspension of service is not provided for any part of the E911 Service.
4. The E911 calling party forfeits the privacy afforded by non-listed and non-published service to the extent that the telephone number, address, and name associated with the originating station location are furnished to the PSAP. The names, addresses, and telephone numbers of telephone customers whose listings are not published in directories or listed in Directory Assistance Offices is confidential. Information will be provided on a call-by-call basis only for the purpose of responding to emergency calls.
5. The Telephone Company's entire liability to any person for interruption or failures of E911 Service shall be limited to the terms set forth in this section and other sections of this Service Catalog.
6. The rates charged for E911 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in the service, nor does the Company undertake such responsibility. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Telephone Company in the event the system is not functioning properly.

C. CONDITIONS (Continued)

7. The Telephone Company's liability for any loss or damage arising from errors, interruptions, defects, failures, or malfunctions of this service or any part thereof whether caused by the negligence of the Telephone Company or otherwise shall not exceed an amount equivalent to the pro rata charges for the service affected during the period of time that the service was fully or partially inoperative.
8. Each customer also agrees to release, indemnify and hold harmless the Telephone Company from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the customer or others.
9. The customer also agrees to release, indemnify, and hold harmless the Telephone Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of E911 service features and the equipment associated therewith, or by any services furnished by the Telephone Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing E911 service hereunder, and which arise out of the negligence or other wrongful act of the Telephone Company, the customer, its user, agencies, or municipalities, or the employees or agents of any one of them.

LOCAL OPERATOR ASSISTANCE

A. GENERAL

1. Local Telecommunications Service is that of furnishing telephone communications within local service areas.
2. Local operator assistance is furnished to customers upon request in order to complete local calls.
3. Three classes of Local Service are offered; namely, Dial Station-to-Station Service; i.e., local measured and flat rate, Operator Station-to-Station Service, and Person-to-Person Service. These definitions are found in the Long Distance Message Telecommunications Service Tariff and these definitions apply to local calls as well.
4. Dial Station-to-Station class of service applies to Operator Station-to-Station calls placed sent paid from residence service lines or trunks which are certified by a qualified authority as services of persons who are disabled and unable to dial telephone numbers. All station-to-station calling card calls charged to the certified line are subject to the charges in B.1. following.

Certification is provided upon the customer's written application to the Telephone Company for each residence line or trunk to be included. Certification becomes effective with the bill following approval of the application. Requests to change to or from certification are not subject to charge. Customers may verbally identify themselves as being unable to dial a call because of their disability. Any local Dial Station-to-Station charges will apply to these sent-paid calls.

5. Customers who identify themselves as being disabled and unable to dial the call will not be required to pay the operator-assisted charge for sent-paid Station-to-Station calls from pay telephone service telephones.
6. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this Service Catalog.

INTEGRATED SERVICES DIGITAL NETWORK (ISDN)

A. GENERAL

Integrated Services Digital Network (ISDN) is a digital service that provides an integrated voice/data capability to the customer premises facility, utilizing the public switched network. ISDN distributes voice, data, video, image and facsimile at speeds up to 64 kbit/s by two standard methods of access: a Basic Rate Interface (BRI) or a Primary Rate Interface (PRI). These are serving arrangements which conform to internationally developed, published and recognized standards generated by the International Telecommunications Union (formerly CCITT). The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this Service Catalog.

INTEGRATED SERVICES DIGITAL NETWORK (ISDN) (Continued)

C. DEFINITIONS

1. Basic Rate Interface (BRI) – BRI consists of up to three distinct channels on one pair of wires; one or two B (Bearer) Channels and one D (Delta) Channel. BRI ISDN Service is available in flat or measured rate options.
2. B (Bearer) Channel – The B Channel carries circuit-switched voice and/or data communications at speeds up to 64 kbit/s, from the customer's premises, over the loop facility, to the central office.
3. D (Delta) Channel – The D Channel carries signaling and/or packet data information, at speeds up to 16 kbit/s on BRI, and signaling only information up to 64 kbit/s for PRI, from the customer's premises to the central office. The D Channel has both data and signaling functionality; it does not have voice capability.
4. D Channel Packet-Switched Data – The X.25 Logical Circuit Call allows users to originate and receive X.25 data calls over the D Channel. Multiple data calls can be active simultaneously on a single D Channel.
5. Digital Subscriber Loop (DSL) – The ISDN basic rate interface loop from the central office to the customer's premises.
6. Primary Rate Interface (PRI) – PRI has a capacity of 1.544 megabits per second (Mbit/s) and has multiple channels: 23 B channels, and 1 D channel, and is also known as 23B+D access. The B Channels carry user information such as voice calls, circuit switched data, and video, while the D Channel handles signaling information.

D. TERMS AND CONDITIONS

1. The customer will be responsible for the procurement of associated customer premises equipment (CPE) and will ensure compatibility with the ISDN digital switch serving the customer

GENERAL EXCHANGE SERVICES

INTEGRATED SERVICES DIGITAL NETWORK (ISDN) (Continued)

2. Single Line ISDN Service includes a comprehensive 2B+D package. Contained in the standard package are numerous voice and data features. The standard features and functions support two terminals per BRI. Within the standard package there is limited flexibility for customization and various optional features can be added. Single Line ISDN Service does not offer B Channel packet service capabilities.
3. The rates and charges specified for Single Line ISDN Service are applicable only to customers whose serving central office has been identified by the Company as having ISDN available.
4. An ISDN compatible terminal is a requirement for operation. It is the customer's responsibility to obtain and power such equipment. If a power failure occurs at the service location and the terminal equipment used by the customer does not have a battery backup, the equipment will not operate and contact with emergency services, such as 911, will not be possible. Providing ISDN service is contingent upon customers understanding that contact to 911 may be lost in the event of both power failure and battery failure. Analog devices cannot be used on an ISDN line to contact 911.
5. Unless specifically exempted, the Integrated Services Digital Network shall be subject to all general regulations applicable to the provision of service by the Company as stated in the Service Catalog.
6. The Integrated Services Digital Network is provided at the option of the Company. These services are furnished subject to central office switching capacity, capability and the availability of outside plant facilities.
 - a. The availability, functionality and capabilities of the Integrated Services Digital Network may vary or may not be available dependent upon type of serving central office switch, related software controlling that switch and associated outside plant.
 1. Where facilities are not available or unusual expenditures are involved in making them available (e.g., customers served from line concentration units or those beyond distance limitations), the customer may be required to pay additional charges on an individual case basis to cover the unusual expenditure or to contract for services beyond the normal service term, or both.

b. Payment for Service

1. The minimum charge period for services provided under this Service Catalog is for one month.
2. Integrated Services Digital Network lines are not eligible for either temporary suspension of service or vacation rate service.

- c. Directory Listings: One directory listing is provided without charge for each Integrated Services Digital Network customer.

E. PRIMARY RATE INTERFACE

1. Service Configurations

23B+D

This service configuration provides for 23 B-channels and 1 D-channel. The B-channels carry the circuit switched voice and data, while the D-channel handles signaling information. The D-channel can control a maximum of 479 B-channels. The B-channels may be provisioned on the same facility as the D-channel or on other T1 or T3 facilities.

2. Standard Features

Calling Number Identification

This feature displays the call identification information and the calling party's directory number (including nonpublished and nonlisted directory numbers) prior to the call being answered. Callers have the ability to inhibit the display of calling party information to the terminating number.

Calling Number Identification Blocking-All Calls

All outgoing calls will be blocked for PRI customers where technically feasible as determined by the Company. Most Company switches do not have this capability and will be a function of the customer's PBX.

Direct Inward/Outward Dialing

Allows station users to place or receive calls bypassing the attendant.

Circuit Switched Data

Circuit Switched Data provides the capability of making data calls over the public switched network. Information is transmitted the same way as digitized voice. Like a voice call, a circuit switched data call ties up network/system resources for the duration of the call.

3. Terms and Conditions

- a. PRI is provided subject to the availability of central office facilities.
- b. Regulations, rates and charges, as described for PRI are in addition to the regular rates and charges for the service with which PRI is associated.
- c. Some services are not available and/or compatible with PRI:
 - PBX Trunks
 - Feature Groups A, B, C or D
 - Other private line/access services and facilities unless specified herein
 - Resale Sharing
 - 800 Service
 - Outward WATS
 - Per Call Blocking
- d. PRI offerings are not available for use by CMRS Carriers or for Interexchange Carriers in the provision of services to their customers. Other digital services are offered by the Company for interconnection specifically for these Carriers.
- e. The PRI facility for all channels may be provisioned on an existing T3 facility.

5. Terms Discounts

- a. The Term Discount plan applies to all Integrated Services Digital Network PRI service monthly rates. The monthly rates for the discounted services are reduced by a fixed percentage:

Contract Length

- 36 months 10% Discount
- 60 months 20% Discount

- b. The minimum service period for all term discounts is twelve months. A customer may upgrade from a three year term to a five year term with a new minimum service period.

GENERAL EXCHANGE SERVICES

INTEGRATED SERVICES DIGITAL NETWORK (ISDN) (Continued)

- c. Should there be an increase in the term discount percentage, the customer will be given the benefit of the higher percent discount. Should the discount percentage be decreased during the 36 or 60 month term, the original percentage will be maintained for the entire discount period.
- d. The customer may convert to month-to-month service at the end of a Term Discount Period or subscribe to a new Term Plan. If the customer takes no action, they will be converted to month-to-month service.
- e. Term Discount Penalties
 - Penalties may apply for discontinuance of service prior to the end of the Term Discount period.
 - Penalties for discontinuance after the minimum period, but before the end of the term, equals 15% of the non-discounted PRI monthly rate, times the number of months remaining of the term.
 - Penalties for discontinuance prior to the end of the minimum service period are computed by multiplying the non-discounted monthly rate times the minimum period (12) and deducting the amount previously paid. In addition, the customer will be billed 15% of the non-discounted PRI monthly rate, times the number of months remaining in the term (24 or 48).

2. When a customer requests that the telephone company locate or repair any difficulty on the customer's side of the demarcation point, a deregulated charge may apply for checking the facilities on both the customer's and the telephone company's side of the demarcation point.

SERVICE CHARGES

A. LIFELINE ASSISTANCE

1. The Federal Lifeline Assistance Program is a plan which assists qualified low-income applicants with reductions in their monthly service rate for voice telephony or broadband internet access service.. The assistance applies for a single telephone line at the applicant's principal place of residence. Qualified applicants shall have their monthly service rate reduced by the federal support amount defined in 47 CFR 54.403.
2. Eligibility Requirements
To be eligible for assistance, an applicant must provide documentation showing the applicant (1) meets income-based criterion currently defined as at or below 135 percent of the Federal Poverty Guidelines, OR (2) participates in at least one of the following programs as defined by 47 CFR 54.409:
 - a. Medicaid (e.g. Title XIX/Medical, state supplemental assistance)
 - b. Supplemental Nutrition Assistance Program (SNAP)
 - c. Supplemental Security Income (SSI)
 - d. Federal public housing assistance
 - e. Veterans Pension Benefit Program

The Lifeline customer is responsible for notifying the Company if the customer ceases to participate in any of the public assistance programs listed above.

A Lifeline customer may only receive assistance from one provider per household.

3. Application for Assistance
An applicant shall request assistance through completion of a certification form provided by the Company as governed by 47 CFR 54.410.
4. Rates
 - a. The Lifeline customer will receive a monthly credit toward the customer's residential service rate. The total monthly credit identified in 47 CFR 54.403 shall be used to reduce the Lifeline customer's rate.
 - b. Toll blocking for voice services shall be included with this service offering without charge. No service deposit would be required if applicant voluntarily elects toll blocking with the initiation of Lifeline Service.
