Winnebago Cooperative Telecom Association

Vol. 62, No. 12

December 2016

WCTA Welcomes U.S. Senator Joni Ernst

It's been an exciting past few months here at WCTA with all the fiber construction, new employees, and community events happening, but in late October we had an extra special guest visit our office to chat about rural fiber development.

We welcomed U.S. Senator Joni Ernst to Lake Mills. She was given the full tour of our networking center and our main business office. General Manager Mark Thoma explained that he wanted to take the opportunity to showcase for Ernst what WCTA does as a small business in a rural area as well as our work in economic development. (567-3052)

"I am amazed at the technology (fiber vs. copper) and what is being provided here in rural Iowa," she said, noting that in her part of the state they must rely on satellite service for internet. "I wish you guys (WCTA) were down in my area." She commended WCTA for providing services in areas that larger carriers would ignore. "I am committed to strengthening rural communities and making sure that we have broadband available," she said. "I understand that there are challenges out there, and we want to do what we can to make rural communities remain viable." She added that this is certainly a role in which she believes the Federal government can be a key player. "Federal government has a role in infrastructure because people cannot build roads, bridges or technology for themselves."

WCTA was very grateful for her visit to our offices. We look forward to continuing our relationship with the Senator's office and providing cutting edge fiber services to our local communities.

WCTA General Manager Mark Thoma explains the benefits of fiber-optic cable to U.S. Senator Joni Ernst.

WCTA Employees answer questions and explain services at the Lakota open house.

Bancroft and Lakota Open Houses

With the introduction of two new communities to our service area, Bancroft and Lakota, WCTA held an open house in each town to get to know the community members better. In Bancroft, WCTA met with community members at the Bancroft Summit Center, and in Lakota we met at the Eagle Center. Thankfully, the local hometown grocery store, Hagar Foods, was willing to bake cookies for both open houses! We want to thank those that came out, and to the Summit Center and Eagle Center for hosting WCTA. (566-3575)

Are you having trouble using the telephone due to a hearing or speech disability?

Minnesota Relay is a free telephone service that uses specially trained communications assistants (CAs) to facilitate telephone calls between people with hearing and speech disabilities and other individuals. Calls can be made to anywhere in the world (long distance charges apply), 24 hours a day, 365 days a year. All calls are completely confidential.

For More Information on Minnesota Relay Services:

www.mnrelay.org
1-800-657-3775

Emergency Assistance

TTY callers should dial 9-1-1 directly in an emergency.

All 9-1-1 centers are equipped to handle TTY calls. Minnesota Relay can process emergency calls, but this may delay the response to your call.

Billing Options for Long Distance Relay Calls

- Direct • Collect
- Third-Party Billing
- Carrier Calling Card
- Pre-Paid Calling Card

To file a Complaint Regarding Minnesota Relay

1-800-657-3775

Email: mn.relay@state.mn.us

You will need to provide the date and time of the relay call, the CA's identification number, and the nature of your complaint.

You may also file a complaint with the Federal Communications Commission:

www.fcc.gov/complaints

Voice: 1-888-225-5322

TTY: 1-888-835-5322

ASL via VP: 1-844-432-2275

TELEPHONE EQUIPMENT DISTRIBUTION (TED) PROGRAM

The TED Program provides free specialized telecommunications equipment to income eligible Minnesotans who are having trouble using the telephone due to a hearing, speech or physical disability.

mn.gov/dhs/ted-program

Voice: 1-800-657-3663

TTY: 1-888-206-6555

To make a relay call dial 7-1-1. Once connected to the relay service, tell the CA the type of relay call you wish to make. Or, you may dial the specific toll-free number for the type of relay service.

Captioned Telephone Service (CTS)

CTS uses a telephone with a text display screen to allow a person who is hard of hearing to see word-for-word captions of what the other party on the call is saying, while also listening to what is being said using their residual hearing - much like TV captioning. The CTS user speaks directly to the other person on the call, and the CA, who uses speech recognition technology, repeats what the other party says, which is then transmitted as text to the CTS user's phone.

Internet Protocol Captioned Telephone Service (IP CTS)

There are Internet-based forms of CTS for those who would like to use CTS on a computer, tablet, or select smartphones. Go to: www.fcc.gov/guides/internet-protocol-ip-captioned-telephone-service.

Computer (ASCII): 1-800-627-3529

Computer users can access Minnesota Relay. Set your communications software to the following protocols: speeds ranging from 300 to 2400; 8 Bits; No Parity; 1 Stop Bit; Full Duplex. When calling at a rate of 300 or below, follow the above using Half Duplex.

Hearing Carry Over (HCO): 1-800-627-3529

HCO allows a person who can hear clearly but who has very limited or no speech capability to make and receive phone calls. The HCO user types his or her conversation on a text telephone for the CA to read to the other person, and listens directly to the other person's response.

Internet Protocol (IP) Relay:

IP Relay combines text-based relay service with the ease of the Internet - no need for a TTY. It allows relay users to communicate by text via a computer or other Internet-enabled device. Go to: www.sprintrelay.com.

Spanish Relay: 1-877-627-5448

Spanish speaking persons with a hearing or speech disability are able to make relay calls. This is not a translation service - both parties must speak Spanish, and at least one party must have a hearing or speech disability.

Speech-to-Speech (STS): 1-877-627-3848

STS allows a person who has difficulty speaking or being understood on the phone to communicate using his or her own voice or voice synthesizer. The CA revoices the words of the person with the speech disability so that the other person on the call can understand them.

Standard Telephone: 1-800-627-3529

A hearing person may use a standard telephone or mobile phone to place a relay call and converse with a person who is deaf, hard of hearing, or speech disabled.

Text-to-Voice (TTY): 1-800-627-3529

This service allows a person who is deaf, hard of hearing, or speech disabled to use a TTY to communicate with the other person on the call.

Video Relay Service (VRS)

VRS allows a person who uses American Sign Language (ASL) to communicate over the phone. The VRS user connects to the CA via an Internet-enabled device with a video camera. The CA relays the conversation back and forth between the parties - in ASL with the VRS user and by voice with the called party. Go to: www.fcc.gov/guides/video-relay-services.

Voice Carry Over (VCO): 1-877-627-3024

VCO allows a person with a hearing disability, but who wants to use his or her own voice, to speak directly to the other party. The CA then types the other party's response, which is displayed on the VCO user's text telephone.

900 Pay-Per-Call Services: 1-900-230-3324

This service allows a relay user to connect to any pay-per-call service.

New Employees

Travis Tegland has been hired as an Outside Plant Technician.

Travis's responsibilities as a technician include installing telecommunications services, broadband Internet, and digital TV service and helping customers resolve issues they may have with WCTA services. (568-3553)

Travis was born, raised, and still lives in rural Forest City with his wife, Krista, and sons, Ryker and Liam. In his free time, Travis enjoys outdoor activities and spending time with his family.

Heather Buhmann is our new Customer Service Representative.

As part of her daily duties, Heather will be assisting WCTA members with payments, service needs, and general customer service issues.

Heather is a native of Adams, Minnesota and now lives in Scarville with her husband, Andy, and daughter, Kennedy. In her spare time, she enjoys camping, reading, and spending time with her family.

We welcome Heather and Travis to WCTA!

Heading South for the Winter?

Members who head south for the winter may want to consider placing their WCTA phone service on "Vacation Service." When on vacation service, your telephone is placed into a suspended mode that assures you will receive the same telephone number when you return in the spring and that your listing remains in the WCTA Directory. Plus, with vacation service you receive several discounts.

Vacation services are available for a minimum of one month and a maximum of 11 months.

When you're heading back to your home, give the WCTA Business Office a call a week or so before you arrive and we will restore your services. (584-2039)

For more information on WCTA's vacation services, please contact our Business Office at 1-800-592-6105.

Winter Travel Tips

As much as we don't like to admit it, the winter travel season is upon us. Staying home during bad weather is the #1 way to avoid problems but we can't always do that. Here are a few tips to help keep you safe this winter.

First, be prepared. Keep an emergency kit in your vehicle. A sample list can be seen below. Having a few simple things with you can make a big difference. (852-3711)

Second, check the forecast and road conditions before traveling. Most states have websites that will display road conditions. The Iowa and Minnesota sites are listed below.

Iowa – www.511ia.org
Minnesota – www.511mn.org

Third, be careful. Make sure that you clear snow and ice from all windows as well as from your lights and license plates. Travel only as fast as conditions allow.

Finally, use common sense. If the weather is too bad for travel, stay home.

If you would like additional preparedness information there are a number of State and Federal sites available to help. Several of them are listed below.

Iowa: www.beready.iowa.gov
Minnesota: www.bereadymn.com
Federal: www.ready.gov

WINTER SURVIVAL KIT

- **Booster Cables**
- **Blankets**
- **Ice scraper**
- **Shovel**
- **First aid kit**
- **Bottled water**
- **Non-perishable food**
- **Candles and matches**
- **Hat and gloves**
- **Flashlight**
